in <https://www.linkedin.com/in/dimitris-theodosopoulos-1b4884327/>

Passionate and detail-oriented Junior Front-End Developer with experience in HTML, CSS, JavaScript, TypeScript, React, and Next.js. Skilled in building responsive, user-friendly web apps and eager to grow with modern web technologies.

## Professional Experience

### Alpha Vocational Training Center

IT Support Technician

Apr 2022 - Present

Nafpaktos, Greece

- Maintenance, expansion and technical support of local network.
- Delivered technical support to end-users, resolving hardware, software, and connectivity issues.
- Managed installation and configuration of operating systems, software applications, and peripheral devices.
- Management of the database.
- Website management.

## Projects

### Game Store

<https://dimtheoshop-cart.netlify.app/games>

- Built a responsive online game store interface using React and Tailwind CSS, focusing on modern UI/UX and clean design principles.
- Integrated the RAWG Video Games API to fetch and display real-time game data including titles, ratings, genres, and images.
- Implemented dynamic search and filtering features to help users easily browse and discover games.

### Candle Store (Next.js E-commerce App)

<https://dimmar.netlify.app/>

- Built a responsive e-commerce candle store with Next.js, Typescript, and Firestore.
- Implemented dynamic product pages with real-time data fetching from Firestore.
- Implemented global client-side state management using Zustand for shared application state (e.g. shopping cart and UI state).
- Integrated Stripe for secure payments and implemented automated purchase confirmation messages using Resend.
- Optimized layout and responsiveness for desktop and mobile devices, following modern UI/UX.
- Applied best practices for state management, type safety, and code organization in a production-like Next.js environment.
- Deployed the app on Netlify, managing environment variables and build configurations for a live production setup.

### Personal Website

<https://dimitheo.netlify.app/>

- A portfolio of all personal and professional projects
- Technologies used: Javascript, React, Tailwind CSS, Vite
- Key features: project gallery, project descriptions, links to GitHub repositories, etc.

## Education

### University of Peloponnese

Bachelor's Degree in Informatics

Patras, Greece
